SPORTING

Water Polo

The Royal Engineers meet the Duke of Cornwall's Light Infantry in the second round for the Hongkong Water Polo Shield to day at 5.30 p.m. at the V. R. C. enclosure. The game should be a very good one. The following are the teams: R.E.—Lt. Col. Fawcett (Goal), Lt. Col. Dorey, Spr. Watts, 2nd Lt. Morris, 2nd Lt. Tucker, Spr. Collins and Spr. Wright. D.C.L.I.—Ward, Morry, Farmer, Withers, Cusell, Baldwin and Cunningham.

On next Friday the R.O.A. will meet the B.O.C. at the V. R. C. enclosure at 5.30 p.m. the teams being—R.G.A. Colmer, Cpl. Falconbridge, Ber. Potts, Dr. Crawford, Br. Court, Barr, and Trumpeter Bacon. B.O.C.—R. A. Carvalho, G. B. Mitchell, M. L. Ralston, J. O. R. Souza, T. L. de Rosa, G. Jorge, and A. J. V. Helguro.

There are no restrictions as to ladies attending these matches.

The "Cornwallis" Inter-Company League.

Two matches were played in this competition at the Naval Ordnance Camp yesterday evening. "O" Company having a runaway victory over "E" Company by goals to nil, and a good struggle between "B" and "H" Companies resulting in a draw, both teams scoring twice.

In a friendly match at Stonecutters yesterday, 8th Coy. (R.G.A.), beat the Royal Engineers who were weakly represented, by 6 goals to nil. Bacon, 2, Bancroft, Potts and Dyson scored the winners goals.

DON'T NEGLECT YOUR FAMILY.
WHEN you fail to provide your family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy at this season of the year, you are neglecting them, as bowel complaint is sure to be prevalent, and it is too dangerous a malady to be trifled with. This is especially true if there are children in the family. A dose of this remedy will place the trouble under control and perhaps save a life, or at least a doctor's bill. For sale by all Chemists and Druggists.

A Celebrated Violiniste

Nervous Fatigue, Languor.
The power to excel, the confidence which ensures her brilliant successes, says the talented violinist, Miss Sybil Keymer, is entirely due to her abundance of vigorous nerve forces created by Phosferine. How greatly the numerous distinctions and triumphant career of this accomplished musician are promoted by the brain energy and physical stamina developed by Phosferine, is evident from Miss Keymer's admission that the tonic "enabled me to do myself justice." This power to excel, this ability to make perfect use of her skill, depends upon the marvellous control and steadiness of the muscle nerves Phosferine has given her and to which she owes the entrancing tone and quality of her musical renderings. Naturally, this energizing effect of Phosferine was accompanied by the disappearance of the headaches, listlessness, and fatigue, which were the bane of her public appearances, and it is this happy outcome which impels Miss Keymer to testify to the exceptional advantages to be derived from Phosferine.

Promptly Remedied.
Miss Sybil Keymer, "Riverside," Albany Rd., Leigh-on-Buzzard, Eng., writes: "I think I should inform you that I have recently derived very great benefit from the use of Phosferine. In the course of my profession I have to travel a good deal in getting to my various concerts, and I find that since using Phosferine I am never troubled with the headaches and listlessness which follow a long railway journey, particularly during hot weather. This is of very great importance to me, as frequently only a very little time elapses between reaching my destination and the commencement of a concert, and it is such a relief to feel fresh and ready for playing in public undisturbed by the fatigues of long travelling. It is because I feel that Phosferine enables me to do myself justice as a violinist, preventing any of the unsteadiness of the muscle nerves, which is so harmful to tone and quality, that I confidently commend the tonic at every opportunity."—July 11, 1912.

PHOSFERINE

STABILITY OF ST. PAUL'S
A DISQUIETING REPORT.
As the result of a thorough investigation of the condition of St. Paul's Cathedral, a further disquieting report has been received by the Dean and Chapter from Sir Francis Fox, a committee of experts, has accordingly been appointed to consider remedial measures and in the meantime work on the buttresses and main piers is steadily proceeding.

Sir Francis Fox has ascertained from the City records that when excavations were made for the sewer proposed to be carried along the south side of the Cathedral in 1831, a quicksand was found at a depth of 31 feet below the street level, in close proximity to the south porch, and that in view of the grave peril in which the carrying out of the work would have involved the fabric, the project was abandoned. The same quicksand was encountered in the excavations for the warehouses on the south side of the street, particularly those at the corner of Goddard Street. It is added that all excavations in the vicinity of the Cathedral demand a caution, as they are important causes of the serious movements which have taken place along the south side of the structure.

Plumbing of the dome and walls has been carried out on several occasions, with the result that they are found to be out of truth in different places, generally in a south-westerly direction. "The amount of divergence," says Sir Francis Fox, "would be negligible were the fabric at rest, and the core of the walls and piers intact, but although the movement is not in itself serious at present, it is imperative that it should be stopped, otherwise it is only a question of time when danger will be reached."

He further states that in consequence of the tilting of the eight main piers of the dome, due to the excessive and unequally distributed pressure on the foundations, these piers have been seriously cracked and require attention; that twenty-three of the thirty-two buttresses to the drum of the dome are cracked, and to the south-west being very seriously disintegrated; and that both the outer and inner walls of the drum itself are also cracked, and have been pointed up in years gone by. Serious cracks have occurred in the walls of the South Transept. Some ten years ago heavy rain, the masonry was found to be over the masonry, which, however, continues to be proved by numerous "live" cracks in the cement.

LOSING WEIGHT BY THE ROUND

Under Weight is a condition of ill-health, shows your assimilative powers are decreasing.

WATERBURY'S METABOLIZED COD LIVER OIL COMPOUND

Price: 1/6 and 2/6.

A Stimulant as Satisfactory as Alcohol.
O.T.
O.T. is the long-wanted happy medium between a "hard" and a "soft" drink. It compares with spirituous liquors in its stimulating qualities, its satisfying body and its piquant bite—but it is free from alcohol, and is without intoxicating or other undesirable effects. O.T. is a beneficial drink for ladies when needing a stimulant owing to its warming and comforting properties. No home should be without a bottle.
A Liqueur—Stomachic—Pick-me-up.
Made from natural fruits and herbs O.T. is a pure tonic for indigestion, flatulence and "full feeling" after meals. As a tonic when you feel "cut-off" there's nothing better to make you fit and well again. O.T. is a true digestive, and therefore good as a mealtime drink, as an after-dinner liqueur, and as a remedy for indigestion, flatulence and "full feeling" after meals. As a stomachic, it has wonderful virtues for cold, dysentery, and other stomach troubles. No drink is more suitable than O.T. for both abstemious and non-abstemious; none is more healthful for young and old.
Gold Seal, Gold Medal, Grand Prix.
Bottled Analytical Control, Paris Exhibition, 1909, Empire Exhibition, London, 1911.
The More you Drink O.T. the Better you Like it!
O.T. wins favour with all who try it. Its distinctive character, its refreshing and exhilarating qualities, its satisfying body and "bite" appeal to you—its taste grows on you, and you soon realize that each glass adds to your liking and appreciation.
O.T. Mixes Deliciously with
Lemonade, Soda, Mineral Waters, etc. (Hot or Cold)—Whisky, Gin, Brandy, Wines—
Gives full body, fine flavour, stimulating, refreshing, invigorating, and invigorating effects of mixed drinks.
Ale, Beer, Stout—gives fine nip, takes off heaviness and filling effect.
